*The Journal of Social Psychology, 131*(6), 903–911

# Index to Volume 131

This annual index is organized by first author and title. Page numbers refer to the following issues:

Number 1 (February): 1–152
Number 2 (April): 153–308
Number 3 (June): 309–456
Number 4 (August): 457–596
Number 5 (October): 597–756
Number 6 (December): 757–914

## AUTHOR INDEX

Albas, C. *Proxemic behavior: A study extrusion.* 697–702.

Aryee, S., Wyatt, T., & Min, M. K. *Antecedents of organizational commitment and turnover intentions among professional accountants in different employment settings in Singapore,* 545–556.

Ashkanasy, N. M. *Supervisors' responses to subordinate performance: Effect of personal-control orientation and situational control,* 525–544.

Barnard, W. A. *Group influence and the likelihood of a unanimous majority,* 607–614.

Barnett, M. A., Sinisi, C. S., & Quackenbush, S. W. *Perceptions of a known rape victim: Role of subject's gender and personal experience with rape.* 139–141.

Bennett, M., & Jarvis, J. *The communicative function of minimal responses in everday conversation,* 519–523.

Berger, J. D., & Herringer, L. G. *Individual differences in eyewitness recall theory.* 807–813.

Beriker, N., & Druckman, D. *Models of responsiveness: The Lausanne peace negotiations (1922–1923).* 297–300.

Berry, J. O., & Jones, W. H. *Situational and dispositional components of reactions toward persons with disabilities.* 673–684.

Brady, E., Chrisler, J. C., Hosdale, D. C., Osowiecki, D. M., & Veal, T. A. *Date rape: Expectations, avoidance strategies, and attitudes toward victims.* 427–429.

Cann, A. *Stereotypes about physical and social characteristics based on social and professional competence information.* 225–231.

Celano, M. P., & Tyler, F. B. *Behavioral acculturation among Vietnamese refugees in the United States.* 373–385.

Chebat, J.-C., & Picard, J. *Does pre-notification increase response rates in mail surveys? A self-perception approach.* 477–481.

Cherian, V. I. *The relationship between parental income and academic achievement of Xhosa children.* 889–891.

Cherian, V. I. *Relationship between size of broken and intact families and academic achievement.* 125–127.

Chiu, C.-Y. *Hierarchical social relations and justice judgment among Hong Kong Chinese college students.* 885–887.

Chiu, C.-Y. *Responses to injustice in popular Chinese sayings and among Hong Kong Chinese students.* 655–665.

Chiu, C.-Y. *Responses to injustices by Hong Kong Chinese college students.* 205–211.

Chusmir, L. H., & Koberg, C. S. *Relationship between self-confidence and sex role identity among managerial women and men.* 781–790.

Davis, F. D., & Warshaw. P. R. *Choice sets and choice intentions.* 823–830.

DiMartino, E. C. *Effect of culture on women's interpretations of moral and conventional dilemmas.* 313–319.

Doob, L. W. *Sustainable people: Hypotheses and a call for publishable research,* 601–605.

Ellis, E. G., Nel, E. M., & Van Rooyen, J. *Conformity behavior of Afrikaans- and English-speaking adolescents in South Africa.* 875–879.

Funkhouser, G. R. *Cross-cultural similarities and differences in stereotypes of good and evil: A pilot study.* 859–874.

Furnham, A. *The Protestant work ethic in Barbados,* 29–43.

Furnham, A., & Walsh, J. *Consequences of person-environment incongruence: Absenteeism, frustration, and stress,* 187–204.

Gekoski, W. L., Knox, V. J., & Kelly, L. E. *The factor structure of the aging semantic differential: A failure to replicate Rosencranz and McNevin,* 593–595.

Goodwin, R., & Tang, D. *Preferences for friends and close relationships partners: A cross-cultural comparison,* 579–581.

Gordon, R. A. *Informational bases of responses to intention and expectation questions: A comparison between volitional behavior and behavioral goals,* 667–672.

Grant, P. R. *Ethnocentrism between groups of unequal power under threat in intergroup competition,* 21–28.

Hansen, G. L. *Moral reasoning and the marital exchange relationship,* 71–81.

Harrell, W. A. *Factors influencing pedestrian cautiousness in crossing streets,* 367–372.

Harris, M. B., Walters, L. C., & Waschull, S. *Altering attitudes about obesity,* 881–883.

Hong, Y.-Y., & Chiu, C.-Y. *Reduction of socially desirable responses in attitude assessment through the enlightenment effect,* 585–587.

Hortaçsu, N., Oral, A., & Yasak-Gültekin, Y. *Factors affecting relationships of Turkish adolescents with parents and same-sex friends,* 413–426.

Hunt, J. M., & Kernan, J. B. *Consumer reaction to inequitable exchange: The role of causal inferences,* 685–696.

Hurley, J. R., Feintuch, B., & Mandell, M. J. *Novice leaders' first three groups: Change and consistency in acceptance of self and others,* 233–245.

Hymes, R. W., & Akiyama, M. M. *Depression and self-enhancement among Japanese and American students,* 321–334.

Ibrahim, A.-S., & Alnafie, A. *Perceptions of and concern about sociocultural change and general psychopathology in Saudi Arabian University students,* 179–186.

Iyer, N., & Kanekar, S. *Predicted and recommended helping as a function of help-seeking context and cost of helping,* 135–138.

James, M., & Loewenthal, K. *Handwriting stereotypes for the judgment of depression,* 749–750.

Jarrett, A., & Loewenthal, K. *Employers' social judgments based*

*on handwriting and typewriting,* 747–748.

Jones, M. *Stereotyping Hispanics and Whites: Perceived differences in social roles as a determinant of ethnic stereotypes,* 469–476.

Joubert, C. E. *Individuals' ratings of their given names on several dimensions,* 301–302.

Joule, R.-V. *Double forced compliance: A new paradigm in cognitive dissonance theory,* 839–845.

Kaczor, L. M., Ryckman, R. M., Thornton, B., & Kuehnel, R. H. *Observer hypercompetitiveness and victim precipitation of rape,* 131–134.

Kanekar, S., & Pinto, A. J. *Attributed responsibility for and perceived likelihood of an outcome as a function of its valence and severity,* 435–437.

Kenealy, P., Frude, N., & Shaw, W. *Teacher expectations as predictors of academic success,* 305–306.

Kleinke, C. L., & Taylor, C. *Evaluation of opposite-sex person as a function of gazing, smiling, and forward lean,* 451–453.

Knackstedt, G., & Kleinke, C. L. *Eye contact, gender, and personality judgments,* 303–304.

Kurklen, R., & Kassinove, H. *Effects of profanity, touch, and subject's religiosity on perceptions of a psychologist and behavioral compliance,* 899–901.

Lammers, H. B. *Moderating influence of self-monitoring and gender on responses to humorous advertising,* 57–69.

Larsen, K. S., Ommundsen, R., & Elder, R. *Acquired Immune Deficiency Syndrome: International attitudinal comparisons,* 289–291.

Leone, C., & Wingate, C. *A functional approach to understanding attitudes toward AIDS victims,* 761–768.

Lester, D. *The association between involvement in war and rates of suicide and homicide,* 893–895.

Lester, D. *Totalitarianism and fatalistic suicide,* 129–130.

Lester, D., Castromayor, I. J., & Içli, T. *Locus of control, depression, and suicidal ideation among American, Philippine, and Turkish students,* 447–449.

Luczynski, J. *Functional composition strategies in texts written by Polish- and English-speaking children,* 285–287.

Magwaza, A. S., & Bhana, K. *Stress, locus of control, and psychological status in Black South African migrants,* 157–164.

Marjoribanks, K. *Relationship of children's ethnicity, gender, and social status to their family environments and school-related outcomes,* 83–91.

May, B. A. *The interaction between ratings of self, peers' perceptions, and reflexive self-ratings,* 483–493.

McKelvie, S. J. *Effect of design on the Asch primary effect,* 751–753.

Medora, N. P., & Woodward, J. C. *Factors associated with loneliness among alcoholics in rehabilitation centers,* 769–779

Mufson, L., & Nowicki, S., Jr. *Factors affecting the accuracy of facial affect recognition,* 815–822.

Mullen, B., Copper, C., Cox, P., Fraser, C., Hu, L.-T., Meisler, A., Smith, C., & Symons, C. *Boundaries around group interaction: A meta-analytic integration of the effects of group size,* 271–283.

Nurmi, J.-E. *The effect of others' influence, effort, and ability attributions on emotions in achievement and affiliative situations,* 703–715.

Ohbuchi, K.-I., & Kitanaka, T. *Effectiveness of power strategies in interpersonal conflict among Japanese students,* 791–805.

Olson, K. R., & Johnson, D. C. *Individual differences in self-presentation styles,* 495–509.

Orpen, C. *Personal affluence as a moderator of the impact of perceived wealth and poverty on character*

*judgments,* 897–898.
Petersen, R. P., Johnson, D. W., & Johnson, R. T. *Effects of cooperative learning on perceived status of male and female pupils,* 717–735.
Pierce, L. G., & Geyer, P. D. *Combining intention with investment to predict withdrawal behavior,* 117–124.
Rajecki, D. W., Halter, C., Everts, A., & Feghali, C. *Documentation of media reflections of the patriotic revival in the United States in the 1980s,* 401–411.
Ramirez, J. M. *Similarities in attitudes toward interpersonal aggression in Finland, Poland, and Spain,* 737–739.
Rigby, K., & Slee, P. T. *Bullying among Australian school children: Reported behavior and attitudes toward victims,* 615–627.
Robbins, P. R., & Tanck, R. H. *Theories of dreams held by American college students,* 143–145.
Sabucedo, J. M., & Cramer, D. *Sociological and psychological predictors of voting in Great Britain,* 647–654.
Salzmann, J., & Grasha, A. F. *Psychological size and psychological distance in manager-subordinate relationships,* 629–646.
Schumaker, J. F., Warren, W. G., Groth-Marnat, G. *Death anxiety in Japan and Australia,* 511–518.
Sev'er, A., Ungar, S., & Tanner, J. *Gender-based attributions and morality: A sports-event application,* 439–441.
Sigelman, C. K., Howell, J. L., Cornell, D. P., Cutright, J. D., & Dewey, J. C. *Courtesy stigma: The social implications of associating with a gay person,* 45–56.
Sinha, S. P., & Sinha, S. P. *Personal space and density as factors in task performance and feeling of crowding.* 831–837.
Smith, M., & Knowles, A. D. *Contributions of personality, social network, and cognitive processes to the experience of loneliness in women religious and other mature Australian women,* 355–365.
So-Kum Tang, C. *Effect of student therapists' interpersonal competence on an initial interview,* 147–149.
Steffen, V. J., & Gruber, V. A. *Direct experience with a cancer self-exam: Effects on cognitions and behavior,* 165–177.
Stones, C. R., & Philbrick, J. L. *Attitudes toward love among members of a small fundamentalist community in South Africa,* 219–223.
Stringer, M., Cornish, I. M., & Finlay, C. *Strength of group industry and location preference in Northern Ireland,* 743–745.
Summers, R. J. *Determinants of the acceptance of co-workers with AIDS,* 577–578.
Tang, T. L.-P., & Sarsfield-Baldwin, L. *The effects of self-esteem, task label, and performance feedback on task liking and intrinsic motivation,* 567–572.
Tang, T. L.-P., Tollison, P. S., & Whiteside, H. D. *Managers' attendance and the effectiveness of small work groups: The case of quality circles,* 335–344.
Taylor, D. M., Wright, S. C., & Ruggiero, K. M. *The personal/group discrimination discrepancy: Responses to experimentally induced personal and group discrimination,* 847–858.
Trahan, W. A., Lane, I. M., & Dobbins, G. H. *Organizational determinants of managerial pay allocation decisions,* 93–106.
Tucker, M. W., & O'Grady, K. E. *Effects of physical attractiveness, intelligence, age at marriage, and cohabitation on the perception of marital satisfaction,* 253–269.
VanYperen, N. W., & Buunk, B. P. *Equity theory and exchange and communal orientation from a cross-national perspective,* 5–20.

Wagstaff, G. F. *Attitudes toward animals and human beings,* 573–575.
Whittler, T. E., Calantone, R. J., & Young, M. R. Strength of ethnic affiliation: Examining Black identification with Black culture, 461–467.
Wilson, D., Lavelle, S., Greenspan, R., & Wilson, C. *Psychological predictors of HIV-preventive behavior among Zimbabwean students,* 293–295.
Wilson, D., Mundy-Castle, A., & Sibanda, P. *Cognitive effects of LOGO and computer-aided instruction among Black and White Zimbabwean primary school girls,* 107–116.
Wilson, D., Sibanda, P., & Torris, C. *Values of Zimbabwean and United States students,* 447–449.
Wineburg, S. S. *Factors affecting philanthropic behavior of Jewish adolescents,* 345–354.
Witt, L. A. *Equal opportunity perceptions and job attitudes,* 431–433.
Witt, L. A. *Person-situation effects on self-presentation on the telephone at work,* 213–218.
Witt, L. A., & Wilson, J. W. *Moderating effect of job satisfaction on the relationship between equity and extra-role behaviors,* 247–252.
Wogalter, M. S., & Hosie, J. A. *Effects of cranial and facial hair on perceptions of age and person,* 589–591.
Wollman, N., & Stouder, R. *Believed efficacy and political activity: A test of the specificity hypothesis,* 557–566.
Young, T. J. *Locus of control, depression, and anger among Native Americans,* 583–584.
Zaccaro, S. J. *Nonequivalent associations between forms of cohesiveness and group-related outcomes: Evidence for multidimensionality,* 387–399.
Zinkhan, G. M., & Karande, K. W. *Cultural and gender differences in risk-taking behavior among American and Spanish decision makers.* 741–742.

## TITLE INDEX

Acquired Immune Deficiency Syndrome: International attitudinal comparisons. *Knud S. Larsen, Reidar Ommundsen, & Robert Elder.* 289–291.
Altering attitudes and knowledge about obesity. *Mary B. Harris, Laurie C. Walters, & Stefanie Waschull.* 881–883.
Antecedents of organizational commitment and turnover intentions among professional accountants in different employment settings in Singapore. *Samuel Aryee, Thomas Wyatt, & Ma Kheng Min.* 545–556.
The association between involvement in war and rates of suicide and homicide. *David Lester.* 893–895.
Attitudes toward animals and human beings. *Graham F. Wagstaff.* 573–575.
Attitudes toward love among members of a small fundamentalist community in South Africa. *Christopher R. Stones & Joseph L. Philbrick.* 219–223.
Attributed responsibility for and perceived likelihood of an outcome as a function of its valence and severity. *Suresh Kanekar & Anita J. Pinto.* 435–437.
Behavioral acculturation among Vietnamese refugees in the United States. *Marianne P. Celano & Forrest B. Tyler.* 373–385.
Believed efficacy and political activity: A test of the specificity hypothesis. *Neil Wollman & Robin Stouder.* 557–566.
Boundaries around group interaction: A meta-analytic integration of the effects of group size. *Brian Mullen, Carolyn Copper, Pamela Cox, Chris Fraser, Li-Tze Hu, Andrew Meisler,*

*Colleen Smith, & Cynthia Symons.* 271–283.

Bullying among Australian school children: Reported behavior and attitudes toward victims. *Ken Rigby & Phillip T. Slee.* 615–627.

Choice sets and choice intentions. *Fred D. Davis & Paul R. Warshaw.* 823–830.

Cognitive effects of LOGO and computer-aided instruction among Black and White Zimbabwean primary school girls. *David Wilson, Alistair Mundy-Castle, & Pauline Sibanda.* 107–116.

Combining intention with investment to predict withdrawal behavior. *Linda G. Pierce & Paul D. Geyer.* 117–124.

The communicative function of minimal responses in everyday conversation. *Mark Bennett & Jan Jarvis.* 519–523.

Conformity behavior of Afrikaans- and English-speaking adolescents in South Africa. *Engela G. Ellis, Elizabeth M. Nel, & Justus Van Rooyen.* 875–879.

Consequences of person-environment incongruence: Absenteeism, frustration, and stress. *Adrian Furnham & James Walsh.* 187–204.

Consumer reaction to inequitable exchange: The role of causal inferences. *James M. Hunt & Jerome B. Kernan.* 685–696.

Contributions of personality, social network, and cognitive processes to the experience of loneliness in women religious and other mature Australian women. *Margaret Smith & Ann D. Knowles.* 355–365.

Courtesy stigma: The social implications of associating with a gay person. *Carol K. Sigelman, Jennifer L. Howell, David P. Cornell, John D. Cutright, & Janine C. Dewey.* 45–56.

Cross-cultural similarities and differences in stereotypes of good and evil: A pilot study. *G. Ray Funkhouser.* 859–874.

Cultural and gender differences in risk-taking behavior among American and Spanish decision makers. *George M. Zinkhan & Kiran W. Karande.* 741–742.

Date rape: Expectations, avoidance strategies, and attitudes toward victims. *Eileen Brady, Joan C. Chrisler, D. Christine Hosdale, Dana M. Osowiecki, & Tracey A. Veal.* 427–429.

Death anxiety in Japan and America. *John F. Schumaker, William G. Warren, & Gary Groth-Marnat.* 511–518.

Depression and self-enhancement among Japanese and American students. *Robert W. Hymes & M. Michael Akiyama.* 321–334.

Determinants of the acceptance of coworkers with AIDS. *Russel J. Summers.* 577–578.

Direct experience with a cancer self-exam: Effects on cognitions and behavior. *Valerie J. Steffen & Valerie A. Gruber.* 165–177.

Documentation of media reflections of the patriotic revival in the United States in the 1980s. *D. W. Rajecki, Cheryl Halter, Andrew Everts, & Chris Feghali.* 401–411.

Does prenotification increase response rates in mail surveys? A self-perception approach. *Jean-Charles Chebat & Jacques Picard.* 477–481.

Double forced compliance: A new paradigm in cognitive dissonance theory. *Robert-Vincent Joule.* 839–845.

Effect of culture on women's interpretations of moral and conventional dilemmas. *Emily Comstock DiMartino.* 313–319.

Effect of design on the Asch primary effect. *Stuart J. McKelvie.* 751–753.

The effect of others' influence, effort, and ability attributions on emotions in achievement and affiliative situations. *Jari-Erik Nurmi.* 703–715.

Effect of student therapists' interpersonal competence on an initial inter-

view. *Catherine So-Kum Tang.* 147–149.

Effectiveness of power strategies in interpersonal conflict among Japanese students. *Ken-ichi Ohbuchi & Takama Kitanaka.* 791–805.

Effects of cooperative learning on perceived status of male and female pupils. *Renee P. Petersen, David W. Johnson, & Roger T. Johnson.* 717–735.

Effects of cranial and facial hair on perceptions of age and person. *Michael S. Wogalter & Judith A. Hosie.* 589–591.

Effects of physical attractiveness, intelligence, age at marriage, and cohabitation on the perception of marital satisfaction. *Michael W. Tucker & Kevin E. O'Grady.* 253–269.

Effects of profanity, touch, and subject's religiosity on perceptions of a psychologist and behavioral compliance. *Robert Kurklen & Howard Kassinove.* 899–901.

The effects of self-esteem, task label, and performance feedback on task liking and intrinsic motivation. *Thomas Li-Ping Tang & Linda Sarsfield-Baldwin.* 567–572.

Employers' social judgments based on handwriting and typewriting. *Annie Jarrett & Kate Loewenthal.* 747–748.

Equal opportunity perceptions and job attitudes. *L. Alan Witt.* 431–433.

Equity theory and exchange and communal orientation from a cross-national perspective. *Nico W. VanYperen & Bram P. Bunnk.* 5–20.

Ethnocentrism between groups of unequal power under threat in intergroup competition. *Peter R. Grant.* 21–28.

Evaluation of opposite-sex person as a function of gazing, smiling, and forward lean. *Chris L. Kleinke & Christy Taylor.* 451–453.

Eye contact, gender, and personality judgments. *Georgia Knackstedt & Chris L. Kleinke.* 303–304.

The factor structure of the aging semantic differential: A failure to replicate Rosencranz and McNevin. *William L. Gekoski, V. Jane Knox, & Lynn E. Kelly.* 593–595.

Factors affecting the accuracy of facial affect recognition. *Laura Mufson & Stephen Nowicki, Jr.* 815–822.

Factors affecting philanthropic behavior of Jewish adolescents. *Samuel S. Wineburg.* 345–354.

Factors affecting relationships of Turkish adolescents with parents and same-sex friends. *Nuran Hortacsu, Atiye Oral, & Yesim Yasak-Gultekin.* 413–426.

Factors associated with loneliness among alcoholics in rehabilitation centers. *Nilufer P. Medora & John C. Woodward.* 769–779.

Factors influencing pedestrian cautiousness in crossing streets. *W. Andrew Harrell.* 367–372.

A functional approach to understanding attitudes toward AIDS victims. *Christopher Leone & Cynthia Wingate.* 761–768.

Functional compositions strategies in texts written by Polish- and English-speaking children. *Jan Luczynski.* 285–287.

Gender-based attributions and morality: A sports-event application. *Aysan Sev'er, Sheldon Ungar, & Julian Tanner.* 439–441.

Group influence and the likelihood of a unanimous majority. *William A. Barnard.* 607–614.

Handwriting stereotypes for the judgment of depression. *Mary James & Kate Loewenthal.* 749–750.

Hierarchical social relations and justice among Hong Kong Chinese college students. *Chi-Yue Chiu.* 885–887.

Individual differences in eyewitness recall accuracy. *James D. Berger & Lawrence G. Herringer.* 807–813.

Individual differences in self-presenta-

tion styles. *Kenneth R. Olson & Don C. Johnson.* 495–509.
Individuals' ratings of their given names on several dimensions. *Charles E. Joubert.* 301–302.
Informational bases of responses to intention and expectation questions: A comparison between volitional behavior and behavioral goals. *Randall A. Gordon.* 667–672.
The interaction between ratings of self, peers' perceptions, and reflexive self-ratings. *Brett A. May.* 483–493.
Locus of control, depression, and anger among Native Americans. *Thomas J. Young.* 583–584.
Locus of control, depression, and suicidal ideation among American, Philippine, and Turkish students. *David Lester, Iris J. Castromayor, & Tulin Icli.* 447–449.
Manager's attendance and the effectiveness of small work groups: The case of quality circles. *Thomas Li-Ping Tang, Peggy Smith Tollison, & Harold D. Whiteside.* 335–344.
Models of responsiveness: The Lausanne peace negotiations (1922–1923). *Nimet Beriker & Daniel Druckman.* 297–300.
Moderating effect of job satisfaction on the relationship between equity and extra-role behaviors. *L. Alan Witt & John W. Wilson.* 247–252.
Moderating influence of self-monitoring and gender on responses to humorous advertising. *H. Bruce Lammers.* 57–69.
Moral reasoning and the marital exchange relationship. *Gary L. Hansen.* 71–81.
Nonequivalent associations between forms of cohesiveness and group-related outcomes: Evidence for multidimensionality. *Stephen J. Zaccaro.* 387–399.
Novice leaders' first three groups: Change and consistency in acceptance of self and others. *John R. Hurley, Beth Feintuch, & Melissa J. Mandell.* 233–245.
Observer hypercompetitiveness and victim precipitation of rape. *Linda M. Kaczor, Richard M. Ryckman, Bill Thornton, & Robert H. Kuehnel.* 131–134.
Organizational determinants of managerial pay allocation decisions. *Wanda A. Trahan, Irving M. Lane, & Gregory H. Dobbins.* 93–106.
The perceived value of a new coin. *Emma Boustead, Katherine Cottee, Rhona Farquhar, Rebecca Jonas, Joseph Walter, & Paul Webley.* 903–904.
Perceptions of a known rape victim: Role of subject's gender and personal experience with rape. *Mark A. Barnett, Christina S. Sinisi, & Steven W. Quackenbush.* 139–141.
Perceptions of and concern about sociocultural change and general psychopathology in Saudi Arabian University students. *Abdel-Sattar Ibrahim & Abdulla Alnafie.* 179–186.
Person-situation effects on self-presentation on the telephone at work. *L. Alan Witt.* 213–218.
Personal affluence as a moderator of the impact of perceived wealth and poverty on character judgments. *Christopher Orpen.* 897–898.
The personal/group discrimination discrepancy: Responses to experimentally induced personal and group discrimination. *Donald M. Taylor, Stephen C. Wright, & Karen M. Ruggiero.* 847–858.
Personal space and density as factors in task performance and feeling of crowding. *Sahab P. Sinha & Surat P. Sinha.* 831–837.
Predicted and recommended helping as a function of help-seeking context and cost of helping. *Nirmala Iyer & Suresh Kanekar.* 135–138.
Preferences for friends and close relationships partners: A cross-cultural comparison. *Robin Goodwin & Daniel Tang.* 579–581.
The Protestant work ethic. *Adrian Furnham.* 29–43.

Proxemic behavior· A study of extrusion. *Cheryl Albas.* 697–702.
Psychological predictors of HIV-preventive behavior among Zimbabwean students. *David Wilson, Susu Lavelle, Ruth Greenspan, & Christopher Wilson.* 293–295.
Psychological size and psychological distance in manager-subordinate relationships. *Jan Saltzmann & Anthony Grasha.* 629–646.
Reduction of socially desirable responses in attitude assessment through the enlightenment effect. *Ying-Yi Hong & Chi-Yue Chiu.* 585–587.
Relationship between self-confidence sex role identity among managerial women and men. *Leonard H. Chusmir & Christine S. Koberg.* 781–790.
The relationship between parental income and academic achievement of Xhosa children. *V. I. Cherian.* 889–891.
Relationship between size of broken and intact families and academic achievement. *Varghese I. Cherian.* 125–127.
Relationship of children's ethnicity, gender, and social status to their family environments and school-related outcomes. *Kevin Marjoribanks.* 83–91.
Responses to injustice in popular Chinese sayings and among Hong Kong Chinese students. *Chi-Yue Chiu.* 655–665.
Responses to injustices by Hong Kong Chinese college students. *Chi-Yue Chiu.* 205–211.
Similarities in attitudes toward interpersonal aggression in Finland, Poland, and Spain. *J. Martin Ramirez.* 737–739.
Situational and dispositional components of reactions toward persons with disabilities. *Judy O. Berry & Warren H. Jones.* 673–684.
Sociological and psychological predictors of voting in Great Britain. *Jose M. Sabucedo & Duncan Cramer.* 647–654.
Stereotypes about physical and social characteristics based on social and professional competence information. *Arnie Cann.* 225–231.
Stereotyping Hispanics and Whites: Perceived differences in social roles as a determinant of ethnic stereotypes. *Melinda Jones.* 469–476.
Strength of group identity and locational preference in Northern Ireland. *Maurice Stringer, Ian M. Cornish, & Cathy Finlay.* 743–745.
Stress, locus of control, and psychological status in Black South African migrants. *A. S. Magwaza & K. Bhana.* 157–164.
Strength of ethnic affiliation: Examining Black identification with Black culture. *Tommy E. Whittler, Roger J. Calantone, & Mark R. Young.* 461–467.
Supervisors' responses to subordinate performance: Effect of personal-control orientation and situational control. *Neal M. Ashkanasy.* 525–544.
Sustainable people: Hypotheses and a call for publishable research. *Leonard W. Doob.* 601–605.
Teacher expectations as predictors of academic success. *Pamela Kenealy, Neil Frude, & William Shaw.* 305–306.
Theories of dreams held by American college students. *Paul R. Robbins & Roland H. Tanck.* 143–145.
Totalitarianism and fatalistic suicide. *David Lester.* 129–130.
Values of Zimbabwean and United States students. *David Wilson, Pauline Sibanda, & Carole Torris.* 443–445.
